First of all i would like to greet a happy and healthy life.

Please allow me to introduce my self im Uldarico J. Alimusa III in 17 yrs. of age and my nickname is "Dodong" i live in Banilad Dumaguete City Negros-Oriental i was born on July 18, 1990 i have four sisters and im the eldest among of them and my mom's name is Naomi J. Alimusa and my fathers name is also Uldarico J. Alimusa Jr. but my father ~~was~~ abandon us when i am 3 yrs. of age.

At the present i staying with my mom's brother because you know that we have no permanent house thats why im just living in my uncle and i helping him at the house feeding the animals so that i can stay with him because my uncle have a family so its hard with him to provide for our food and shelter because my uncle is a Pedicab Driver and his income is enough only for their child and he has a problem to.

I been already in college last yr. 2007 my course is Associate in Industrial Technology and my major is Electronics but at first semester at the middle of my course my mom no longer support my needs for my projects and also my bills in school and nobody can help me thats why i decided to myself that.

i will stop my course because whatever you study so good if you never make your projects and your bills in the school you will never pass your course because that is the important requirements in the school not like in highschool that even you no money you can easily do talk with your teacher and also the principal or the head teacher of your school that you can say that "mam im sorry for now on we have no money because my parents have ~~no money~~ can't pay that project". But in college you cannot say that to your teacher or either the President of school because education here is very difficult if you don't have sufficient money you will no longer stay in college if you can't pass your requirements you never complete your grades.

I hope that you understand my situation and i will do my best to get a high grades and maybe god heard my wish that theirs someone can help with me.

Thank you verry much...
