Date born:April 2, 1987

Dear Madame/sir:

I am Lovely R. Tinguha, 24years of age and living in Buntis, Bacong Negros Oriental Philippines. I have taken a four year course at Silliman University with a degree in Bachelor of Business Administration Major in Management. In line with this I wanted to go further with my studies by taking up a Masters Degree a two year course, but I need financial assistance in order for me to attain it - because even if I work part-time, the earnings I will get will not be enough to cover my tuition fees. Then, Mr. Gino Keller our neighbor who is kind enough would like to help me find a sponsor in order to aid my financial needs for my study. If granted, I commit myself to work hard at the same time study hard.

I would be very grateful if ever I will be chosen as one of the recipients, and this will really help me a lot.

Very sincerely yours,

Lovely R. Tinguha
